

CLE Grows is a conceptual plant nursery and garden center that focuses on sustainable and environmentally friendly landscaping and horticulture. It offers landscaping services, many different species of plants for sale, a florist, a cafe, and a variety of classes and workshops where people can learn about gardening and nature.

An earthy and organic aesthetic is utilized in CLE Grows' branding in order to emphasize the large role that cultivating plants plays in within the business. This involves the use of shades of the color green, and vivid, colorful imagery of plant life. The 8-sided, accordion-fold brochure is shown here.

## OUTSIDE

### CLASSES & WORKSHOPS

#### VEGETABLE GARDENING

Learn the techniques to growing the best and most delicious vegetables and herbs in your own backyard or in our community garden.

#### LANDSCAPE DESIGN

Learn to design beautiful outdoor spaces using a variety of different plants and techniques. Transform your garden into a horticultural oasis!

#### ZEN GARDEN WORKSHOP

Create a beautiful and peaceful zen garden space to practice meditation or yoga. Learn of the techniques and beliefs behind this ancient Japanese tradition.

#### URBAN GARDENING

Join us to learn how to create simple and cost effective gardens in smaller spaces, including window planters and indoor pots.

#### PLANTING FOR WILDLIFE

After completing this class, your yard will be eligible to become a Certified Wildlife Habitat with the National Wildlife Federation, containing plant-life and other features that animals thrive on.

#### FROM GARDEN TO PLATE

Learn to make delicious meals with the fresh ingredients you grow in your own garden. A cooking class for all ages held in our cafe.

### FARMERS MARKETS

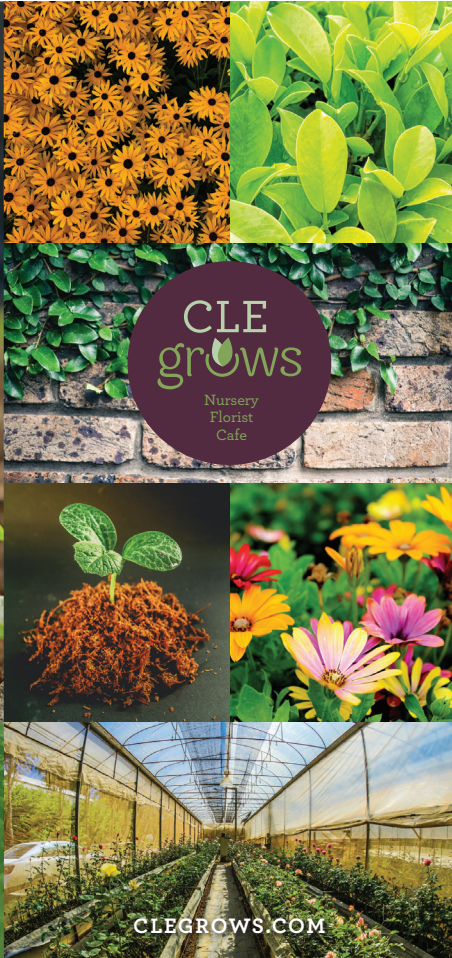

CLE Grow is proudly partnered with many local farmers, and every month we hold a marketplace where Northeast Ohio farmers bring fresh, locally-grown produce and other foods to sell to the community. Featuring fruits, vegetables, nuts, baked goods, jams and preserves, juices, olive oils, meat, cheese, and prepared foods.

### COMMUNITY GARDEN

CLE Grow provides a space for you to grow your own plants and vegetables under the watchful care of our experienced horticulturalists. With nearly an acre of space to explore, there is plenty of room to grow.

Sign up for your spot in our garden at [clegrows.com/garden](http://clegrows.com/garden)

## WHO WE ARE

CLE Grows is a plant and garden center in Berea, Ohio that focuses on the sustainable and environmentally friendly landscaping and horticulture.

Our mission is to cultivate not only plants but experiences, starting in our Northeast Ohio community and spreading throughout the world.

Our dream is to make our plants (and people) grow to be the best they can be, and inspire others to take care of the natural world so it can take care of us.

CLE Grows strives to make the natural spaces around our homes and city beautiful and sustainable.

Let's Grow Together!

## OUR SERVICES

### LANDSCAPING

Consult with our landscape experts to create the beautiful and ecologically friendly landscape space you've been dreaming of. Everything from consultation and advising to full service landscape design and installation by our experienced landscape designers and contractors.

See it in action at [clegrows.com/landscaping](http://clegrows.com/landscaping)

### NURSERY

We offer a huge selection of plants for sale, all grown on site in our state-of-the-art greenhouse facility, including native grasses, trees and shrubs, many different kinds of flowers, cacti and succulents, and many other perennial and annual species.

Shop our selection at [clegrows.com/nursery](http://clegrows.com/nursery)

### FLORIST

Our floral department is open year-round and offers arrangements of seasonal flowers, standard favorites, and specialty requests. Our expert floral designers cater to any occasion, big or small.

Browse arrangements and services at [clegrows.com/florist](http://clegrows.com/florist)

### CLASSES & WORKSHOPS

Held in our spacious community garden, our classes offer hands on experience with landscaping and horticulture. Join our gardening experts for a variety of engaging classes and workshops offered by CLE Grows.
